

K-Love serves me as a resident of the local community in providing me with information of upcoming family events, and as always...prayer, Godly music.

If this new fm station is put into place K-Love will no longer be broadcast. This would be a huge loss, as this radio stations offers what no other station does. No commercials, no shock jocks, or inappropriate language. No rude jokes or R rated material is broadcast.

K-Love is in the public interest of the community in that it provides information about family events and offers family counsel and prayer to anyone listening free of charge. It offers the community a safe broadcast, appropriate for all age levels.
